IMPORTANT

The issuance of a licence entitles an individual to become an Architect licensed by the Ontario Association of Architects (OAA).

In order to offer or provide architectural services in Ontario to the public (as defined in the [Architects Act](#)), an individual must offer these services via a certificate of practice issued by the OAA.

The provision of architectural services, as defined under the *Architects Act* and further elaborated on the [OAA Website](#), prior to the issuance of a licence and certificate of practice may be prejudicial to the granting of a licence and/or a certificate of practice.

The The use of the term “certificate of practice” in this document shall at all times refer to a certificate of practice issued by the OAA unless otherwise stated.

General

When filing an application for licence, include the following:

- Completed, signed application for licence;
 - Proof of Canadian Citizenship or permanent resident status in Canada, if applicable;
 - Proof of Date of Birth;

 3. All documentation submitted will be verified.
 4. The licence term is January 1 to December 31 each year. The onus is on the architect to pay the fee within the time prescribed. Non-payment may lead to licence cancellation.
 5. All documents prepared by an Architect licensed in Ontario that govern a project’s construction, alteration, or enlargement must be sealed with a seal issued to an Architect by the OAA. For more information regarding OAA professional seals, visit the OAA Website [here](#).
 6. Every holder of a licence shall display their licence certificate prominently in their place of business (Subsection 49.(7), Regulation 27).

B. IDENTIFICATION

As Ontario's regulator of the architectural profession, the OAA requires applicants to provide their full legal name. This enables the OAA to verify identity, maintain an accurate public register, carry out its regulatory and disciplinary functions, protect the public, and reduce the risk of fraud or impersonation. While your full legal name will be recorded by the OAA for registration and licensing purposes, you may choose to have your middle name(s) displayed as initials on your licence certificate.

Questions 8 and 9 are for statistical purposes only. At times, the OAA has a need to communicate with Architects from other countries. In such instances, an Architect with knowledge of the specific language would be able to assist. With respect to Questions 10.a and 10.b, please enclose proof.

C. LICENCE HISTORY

Indicate licence status in all jurisdictions where a licence is currently or was previously held. Identify any licence not currently in good standing and give the particulars. Include foreign membership and licences held in any other professions. Attach supplementary sheets if necessary.

D. DECLARATION

The solemn declaration serves as a formal attestation by the applicant that all the information provided is truthful and accurate. This verification helps ensure the integrity of the registration process by preventing the submission of false information. Additionally, it holds the applicant legally accountable, as providing misleading details can result in legal consequences.

The declaration underscores the seriousness and professionalism of the application process. By signing, applicants confirm their understanding of and commitment to adhering to the relevant laws, regulations, and ethical standards governing their profession once licensed.

Where the Registrar proposes to refuse to issue a licence the *Architects Act* provides that the applicant is entitled to a hearing by the Registration Committee. If the applicant chooses to attend a hearing with the Registration Committee, they must deliver to the Registrar, within 30 days from the dated Notice of Proposal, a written notice of their intent to attend the hearing, coupled with the reasons that had been served upon them. A Decision by the Registration Committee may be appealed through the courts.
