IMPORTANT

The approval of an application for licence entitles an individual to become an Architect licensed by the Ontario Association of Architects (OAA).

In order to offer or provide architectural services to the public in Ontario, as defined in the [Architects Act](#), an individual or entity must be the holder of a certificate of practice. The provision of architectural services, prior to the issuance of a licence and certificate of practice, may be prejudicial to the granting of a licence and/or a certificate of practice.

Until an application for a certificate of practice is approved by the Ontario Association of Architects (OAA), it is a contravention of the *Architects Act* to promote, offer, or provide architectural services in Ontario in the name of the new practice, and items such as letterhead, cheques, signs, etc. should not be ordered. The OAA must be notified in writing in advance of being considered for a commission in Ontario. Compliance with the requirements for licence must be undertaken immediately upon obtaining the commission.

The use of the term “certificate of practice” in this document shall always refer to a certificate of practice issued by the OAA unless otherwise stated.

General

When filing an application for licence, include the following:

- Completed, signed application for licence;
 - Proof of Citizenship or lawful permanent residency status in the United States of America (USA) or Canada;
 - Contact the National Council of Architectural Registration Boards (NCARB) to apply for a NCARB Certificate and/or have your current records updated; NCARB will send certificate directly to the OAA;
 - Proof of licensure in good standing with one or more NCARB Participants (Member Boards) to the current Agreement (template attached);
 - Signed affidavit attesting to the completion of 2,000 cumulative hours of post-licensure experience, practising as an architect in the USA (template attached);
 - Payment of applicable fees (refer to Payment of Fees Form); and
 - Completed, signed Consent Form (under PIPEDA).
1. Allow approximately **four to six weeks** of processing time from the date of receipt of the completed application and all required documentation. An incomplete application will be delayed as it may be returned for completion. **NOTE: ENSURE YOU HAVE ANSWERED ALL QUESTIONS OR YOUR APPLICATION WILL BE DEEMED INCOMPLETE.**
 2. All sections of the application are to be completed. The terms "Not Applicable" and "N/A" may be used where sections do not apply.
 3. All documentation submitted will be verified.
 4. The Licence term is January 1 to December 31 each year. The onus is on the OAA member to pay the fee within the time prescribed. Non-payment may lead to licence cancellation.
 5. Applications received after December 1 will not be finalized in that calendar year (unless otherwise requested). Applicants should contact the Office of the Registrar after December 1 for information with respect to fees.
 6. All documents prepared by an Architect licensed in Ontario that govern a project's construction, alteration, or enlargement must be sealed with an OAA seal issued to an Architect by the OAA. For more information regarding OAA professional seals, visit the OAA Website [here](#).
 7. Every OAA member shall display their licence certificate prominently in their place of business (Subsection 49(7), Regulation 27).
 8. The OAA has a mandatory Continuing Education program. Detailed information can be found on the [OAA Website](#).
 9. There are application fees and annual fees for each licence and certificate of practice. These are set out on the separate Payment of Fees Form that are attached to the separate applications.

Completion of the Application

A. IDENTIFICATION

Question 7 requires proof of date of birth. Photocopies of birth certificate, passport, or driver's licence are accepted.

B. LICENCE HISTORY

Indicate licence status in all jurisdictions where a licence is currently held or was previously held. Identify any licence not currently in good standing and give the particulars. Attach supplementary sheets if necessary.

C. DECLARATION

The solemn declaration serves as a formal attestation by the applicant that all the information provided is truthful and accurate. This verification helps ensure the integrity of the registration process by preventing the submission of false information. Additionally, it holds the applicant legally accountable, as providing misleading details can result in legal consequences.

The declaration underscores the seriousness and professionalism of the application process. By signing, applicants confirm their understanding of and commitment to adhering to the relevant laws, regulations, and ethical standards governing their profession once licensed.

Where the Registrar proposes to refuse to issue a licence based on good character (which includes past conduct and the belief the applicant will not engage in the practice of architecture in accordance with the law, and with honesty and integrity) the *Architects Act* provides that the Applicant is entitled to a hearing by the Registration Committee. If the Applicant chooses to attend a hearing with the Registration Committee, they must deliver to the Registrar, within 30 days from the dated Notice of Proposal, a written notice of their intent to attend the hearing, coupled with the reasons that had been served upon them. A Decision by the Registration Committee may be appealed through the courts.

Mobility of Architects to Ontario

ARCHITECTURAL SERVICES IN ONTARIO can only be provided by an Architect licensed by the OAA and the holder of a certificate of practice issued by the OAA.

COMMISSIONS – Notify the OAA in writing in advance of being considered for a commission in Ontario. Comply with the requirements for licence immediately upon obtaining the commission. Do not practise architecture without a licence and certificate of practice in Ontario.

COLLABORATION AND TEMPORARY LICENCES – As an alternative to the process of licence as an Architect and issuance of a certificate of practice, or in the case of an Architect who is licensed in a jurisdiction that does not have reciprocity with the OAA, the process of Temporary Licence and Limited Certificate of Practice under Section 23 of the *Architects Act* is available for the purpose of providing architectural services on a **specific project**. This option requires collaboration with an Ontario Architect/holder.

The following is a summary of the requirements as set out in the Mutual Recognition Agreement (MRA) between the National Council of Architectural Registration Boards (NCARB) and the Regulatory Organizations for Architecture in Canada (ROAC) which took effect January 1, 2014. The below is for general reference purposes only and applicants should refer to the most current version of the agreement via the [ROAC website](#).
