Further, the OAA is not a party to the employment relationship created by the Internship. The employment relationship is between the Intern and the Architectural Practice or Eligible Architectural Employment Situation.

Confirmation of Employment

¹ For the purpose of the IAP, the OAA defines 'employment' in accordance with its plain language definition, and does not include situations where the practice or business's clients have their primary relationship with the Intern rather than the Supervising Architect or other architect at the practice or business, and/or where the Intern provides any form of remuneration to the Supervising Architect, Architectural Practice, or business.
